INDEX TO VOLUME 16

This index covers the issues for 2001, as follows: January, pages 1–76; February, pages 77–142; March, pages 143–210; April, pages 211–282; May, pages 283–350; June, pages 351–426; July, pages 427–506; August, pages 507–572; September, pages 573–648; October, pages 649–720; November, pages 721–792; December, pages 793–888.

Abbreviations for Division Headings are as follows: (OR) Original Article; (BR) Brief Report; (CR) Clinical Review; (FRTP) From Research to Practice; (PER) Perspective; (ED) Editorial; (BOOK) Book Review; (LET) Letter; (REPLY) Reply.

Subjects

Abdominal aortic aneurysm; *See* Aortic aneurysm, abdominal
Abdominal pain
The effect of obesity on medical students' approach to patients with abdominal pain (Wigton and McGaghie), 262 (BR)
Academic training; *See* Teaching
Access to health care; *See* Health services accessibility
Acquired immunodeficiency syndrome
HIV-related *Pneumocystis carinii* pneumonia in older patients hospitalized in the early HAART era (Kim et al), 583 (OR)
Initiation and continuation of newer antiretroviral treatments among Medicaid recipients with AIDS (Crystal et al), 850
Relation of physician specialty and HIV/AIDS experience to choice of guideline-recommended antiretroviral therapy (Stone et al), 360 (OR)
Acting internship
The structure and content of the medical subinternship: a national survey (Sidlow), 550 (OR)
Activities of daily living
What does the medical record reveal about functional status? a comparison of medical record and interview data (Bogardus et al), 728 (OR)
Acute myocardial infarction; *See* Myocardial infarction
Adherence
Polypharmacy and medication adherence: small steps on a long road (Murray and Kroenke), 137 (ED)
Problem drinking and medication adherence among persons with HIV infection (Cook et al), 83 (OR)
Administrative data
Risk adjustment using administrative data: impact of a diagnosis-type indicator (Ghali et al), 519 (OR)
Risk screening in a Medicare/Medicaid population: administrative data versus self report (Vojta et al), 525 (OR)
Adoption
Influence of physician specialty on adoption and relinquishment of calcium channel blockers and other treatments for myocardial infarction (Majumdar et al), 351 (OR)
Advance directives
The effect of discussions about advance directives on patients' satisfaction with primary care (Tierney et al), 32 (OR)
Adverse events
A physician-based voluntary reporting system for adverse events and medical errors (Weingart et al), 809 (OR)
African Americans
Disparities in health and health care: moving from describing the problem to a call for action (Mangione and Reynolds), 276 (ED)
Do race and gender influence the use of invasive procedures? (Watson et al), 227 (OR)
How important is intrinsic spirituality in depression care? a comparison of white and African-American primary care patients (Cooper et al), 634
Age factors
HIV-related *Pneumocystis carinii* pneumonia in older patients hospitalized in the early HAART era (Kim et al), 583 (OR)
Aged
Failure of evidence-based medicine in the treatment of hypertension in older patients (Teramoto et al), 348 (LET)
Medication lists for elderly patients: clinic-derived versus in-home inspection and interview (Yang et al), 112
Mobility difficulties are not only a problem of old age (Iezzoni et al), 235 (OR)
Predictors of physical activity in community-dwelling elderly white women (Walsh et al), 721 (OR)
Preventive care of older urban American Indians and Alaska natives in primary care (Buchwald et al), 257
Self-restriction of medications due to cost in seniors without prescription coverage: a national survey (Steinman et al), 793 (OR)
Validation of a telephone-administered Geriatric Depression Scale in a Hispanic elderly population (Carrete et al), 446 (OR)
AIDS; *See* Acquired immunodeficiency syndrome
Alaska
Preventive care of older urban American Indians and Alaska natives in primary care (Buchwald et al), 257
Alcohol drinking
Problem drinking and medication adherence among persons with HIV infection (Cook et al), 83 (OR)
Alzheimer's disease
National estimates of the quantity and cost of informal caregiving for the elderly with dementia (Langa et al), 770
Ambulatory care
Communication breakdown in the outpatient referral process (Schulte and Mehler), 208 (LET)
Finding cancer in primary care outpatients with low back pain: a comparison of diagnostic strategies (Joines et al), 14 (OR)
Introduction of evidence-based medicine into an ambulatory clinical clerkship (Thomas and Cofrancesco), 244
Patient satisfaction in resident and attending ambulatory care clinics (Yancy et al), 755 (OR)
Primary care for patients infected with human immunodeficiency virus: a randomized controlled trial (Keitz et al), 573 (OR)
Taking care of patients in resident clinics: Where do we stand? (Fiebach and Wong), 787 (ED)
Amenorrhea
Preliminary finding of the first Health and Nutrition Examination Survey, United States, 1971-72 (Mehler) (LET); (Walsh et al) (REPLY), 140
American Indians
Preventive care of older urban American Indians and Alaska natives in primary care (Buchwald et al), 257
American Medical Association
Views of United States physicians and members of the American Medical Association House of Delegates on physician-assisted suicide (Whitney et al), 290 (OR)
American Samoa; *See* Western Samoa
Angioplasty, transluminal, percutaneous coronary
Do race and gender influence the use of invasive procedures? (Watson et al), 227 (OR)
Ankle brachial index
Prevalence and significance of unrecognized lower extremity peripheral arterial disease in general medicine practice (McDermott et al), 384 (OR)
Anorexia nervosa
Preliminary finding of the first Health and Nutrition Examination Survey, United States, 1971-72 (Mehler) (LET); (Walsh et al) (REPLY), 140
Anoxemia
Arterial blood gas and pulse oximetry in initial management of patients with community-acquired pneumonia (Levin et al), 590 (OR)
Antibiotics

INDEX TO VOLUME 16

This index covers the issues for 2001, as follows: January, pages 1–76; February, pages 77–142; March, pages 143–210; April, pages 211–282; May, pages 283–350; June, pages 351–426; July, pages 427–506; August, pages 507–572; September, pages 573–648; October, pages 649–720; November, pages 721–792; December, pages 793–888.

Abbreviations for Division Headings are as follows: (OR) Original Article; (BR) Brief Report; (CR) Clinical Review; (FRTP) From Research to Practice; (PER) Perspective; (ED) Editorial; (BOOK) Book Review; (LET) Letter; (REPLY) Reply.

Subjects

Abdominal aortic aneurysm; *See* Aortic aneurysm, abdominal
Abdominal pain
The effect of obesity on medical students' approach to patients with abdominal pain (Wigton and McGaghie), 262 (BR)
Academic training; *See* Teaching
Access to health care; *See* Health services accessibility
Acquired immunodeficiency syndrome
HIV-related *Pneumocystis carinii* pneumonia in older patients hospitalized in the early HAART era (Kim et al), 583 (OR)
Initiation and continuation of newer antiretroviral treatments among Medicaid recipients with AIDS (Crystal et al), 850
Relation of physician specialty and HIV/AIDS experience to choice of guideline-recommended antiretroviral therapy (Stone et al), 360 (OR)
Acting internship
The structure and content of the medical subinternship: a national survey (Sidlow), 550 (OR)
Activities of daily living
What does the medical record reveal about functional status? a comparison of medical record and interview data (Bogardus et al), 728 (OR)
Acute myocardial infarction; *See* Myocardial infarction
Adherence
Polypharmacy and medication adherence: small steps on a long road (Murray and Kroenke), 137 (ED)
Problem drinking and medication adherence among persons with HIV infection (Cook et al), 83 (OR)
Administrative data
Risk adjustment using administrative data: impact of a diagnosis-type indicator (Ghali et al), 519 (OR)
Risk screening in a Medicare/Medicaid population: administrative data versus self report (Vojta et al), 525 (OR)
Adoption
Influence of physician specialty on adoption and relinquishment of calcium channel blockers and other treatments for myocardial infarction (Majumdar et al), 351 (OR)
Advance directives
The effect of discussions about advance directives on patients' satisfaction with primary care (Tierney et al), 32 (OR)
Adverse events
A physician-based voluntary reporting system for adverse events and medical errors (Weingart et al), 809 (OR)
African Americans
Disparities in health and health care: moving from describing the problem to a call for action (Mangione and Reynolds), 276 (ED)
Do race and gender influence the use of invasive procedures? (Watson et al), 227 (OR)
How important is intrinsic spirituality in depression care? a comparison of white and African-American primary care patients (Cooper et al), 634
Age factors
HIV-related *Pneumocystis carinii* pneumonia in older patients hospitalized in the early HAART era (Kim et al), 583 (OR)
Aged
Failure of evidence-based medicine in the treatment of hypertension in older patients (Teramoto et al), 348 (LET)
Medication lists for elderly patients: clinic-derived versus in-home inspection and interview (Yang et al), 112
Mobility difficulties are not only a problem of old age (Iezzoni et al), 235 (OR)
Predictors of physical activity in community-dwelling elderly white women (Walsh et al), 721 (OR)
Preventive care of older urban American Indians and Alaska natives in primary care (Buchwald et al), 257
Self-restriction of medications due to cost in seniors without prescription coverage: a national survey (Steinman et al), 793 (OR)
Validation of a telephone-administered Geriatric Depression Scale in a Hispanic elderly population (Carrete et al), 446 (OR)
AIDS; *See* Acquired immunodeficiency syndrome
Alaska
Preventive care of older urban American Indians and Alaska natives in primary care (Buchwald et al), 257
Alcohol drinking
Problem drinking and medication adherence among persons with HIV infection (Cook et al), 83 (OR)
Alzheimer's disease
National estimates of the quantity and cost of informal caregiving for the elderly with dementia (Langa et al), 770
Ambulatory care
Communication breakdown in the outpatient referral process (Schulte and Mehler), 208 (LET)
Finding cancer in primary care outpatients with low back pain: a comparison of diagnostic strategies (Joines et al), 14 (OR)
Introduction of evidence-based medicine into an ambulatory clinical clerkship (Thomas and Cofrancesco), 244
Patient satisfaction in resident and attending ambulatory care clinics (Yancy et al), 755 (OR)
Primary care for patients infected with human immunodeficiency virus: a randomized controlled trial (Keitz et al), 573 (OR)
Taking care of patients in resident clinics: Where do we stand? (Fiebach and Wong), 787 (ED)
Amenorrhea
Preliminary finding of the first Health and Nutrition Examination Survey, United States, 1971-72 (Mehler) (LET); (Walsh et al) (REPLY), 140
American Indians
Preventive care of older urban American Indians and Alaska natives in primary care (Buchwald et al), 257
American Medical Association
Views of United States physicians and members of the American Medical Association House of Delegates on physician-assisted suicide (Whitney et al), 290 (OR)
American Samoa; *See* Western Samoa
Angioplasty, transluminal, percutaneous coronary
Do race and gender influence the use of invasive procedures? (Watson et al), 227 (OR)
Ankle brachial index
Prevalence and significance of unrecognized lower extremity peripheral arterial disease in general medicine practice (McDermott et al), 384 (OR)
Anorexia nervosa
Preliminary finding of the first Health and Nutrition Examination Survey, United States, 1971-72 (Mehler) (LET); (Walsh et al) (REPLY), 140
Anoxemia
Arterial blood gas and pulse oximetry in initial management of patients with community-acquired pneumonia (Levin et al), 590 (OR)
Antibiotics

Antibiotic use in Ontario facilities that provide chronic care (Loeb et al), 376 (OR)
What factors influence physicians' decisions to switch from intravenous to oral antibiotics for community-acquired pneumonia? (Halm et al), 599 (OR)
Anticoagulants
Adherence to guidelines for oral anticoagulation after venous thrombosis and pulmonary embolism (Sutton) (LET); (Ganz and Avorn) (REPLY), 347
Patient and physician satisfaction with a telephone-based anticoagulation service (Waterman et al), 460 (OR)
Antiretroviral therapy
Effects of drug abuse and mental disorders on use and type of antiretroviral therapy in HIV-infected persons (Turner et al), 625
Initiation and continuation of newer antiretroviral treatments among Medicaid recipients with AIDS (Crystal et al), 848
Relation of physician specialty and HIV/AIDS experience to choice of guideline-recommended antiretroviral therapy (Stone et al), 360 (OR)
Anxiety
Increased patient concern after false-positive mammograms: clinician documentation and subsequent ambulatory visits (Barton et al), 150 (OR)
Aortic aneurysm, abdominal
Ultrasonography performed by primary care residents for abdominal aortic aneurysm screening: an innovative teaching model (Bailey et al), 845
Asian Americans
Disparities in health and health care: moving from describing the problem to a call for action (Mangione and Reynolds), 276 (ED)
Assisted suicide: *See* Suicide, assisted
Asthma
Does "mainstreaming" guarantee access to care for Medicaid recipients with asthma? (Bair et al), 475
Health information in material safety data sheets for a chemical that causes asthma (Frazier et al), 89 (OR)
Atrial fibrillation
Is warfarin really underused in patients with atrial fibrillation? (Weisbord et al), 743 (OR)
Attitude
Attitudes toward colorectal cancer screening tests: a survey of patients and physicians (Ling et al), 822 (OR)
How important is intrinsic spirituality in depression care? a comparison of white and African-American primary care patients (Cooper et al), 634
Specialists' and primary care physicians' participation in Medicaid managed care (Backus et al), 815 (OR)
What factors influence physicians' decisions to switch from intravenous to oral antibiotics for community-acquired pneumonia? (Halm et al), 599 (OR)
Auscultation
Using a multimedia tool to improve cardiac auscultation knowledge and skills (Stern et al), 763
Automatic data processing
Using an electronic medical record to identify opportunities to improve compliance with cholesterol guidelines (Maviglia et al), 531 (OR)
Autonomy
Doctor discontent: a comparison of physician satisfaction in different delivery system settings, 1986 and 1997 (Murray et al), 451 (OR)
Managed care, professional autonomy, and income: effects on physician career satisfaction (Stoddard et al), 675 (OR)

Back pain
Evaluating and managing acute low back pain in the primary care setting (Atlas and Deyo), 120 (REV)
Finding cancer in primary care outpatients with low back pain: a comparison of diagnostic strategies (Joines et al), 14 (OR)
Behavioral intervention
Evidence on interventions to reduce medical errors: an overview and recommendations for future research (Ioannidis and Lau), 325 (REV)
Best practices
The role of culture and language in determining best practices (Nápoles-Springer and Pérez-Stable), 493 (ED)
Blacks: *See* African Americans
Blood gas analysis
Arterial blood gas and pulse oximetry in initial management of patients with community-acquired pneumonia (Levin et al), 590 (OR)
Body image
Extent and determinants of discrepancy between self-evaluations of weight status and clinical standards (Chang and Christakis), 538 (OR)
Bottled water
Comparison of the mineral content of tap water and bottled waters (Azoulay et al), 168 (OR)
Breast neoplasms
Breast cancer outcomes among older women: HMO, fee-for-service, and delivery system comparisons (Lee-Feldstein et al), 189
Breast cancer screening: Can we talk? (Miller), 206 (ED)
Coordination of care for early-stage breast cancer patients (Bickell and Young), 737 (OR)
Effect of computer support on younger women with breast cancer (Gustafson et al), 435 (OR)
Bulimia
Preliminary finding of the first Health and Nutrition Examination Survey, United States, 1971-72 (Mehler) (LET); (Walsh et al) (REPLY), 140
Burdens
Screening mammography for frail older women: What are the burdens? (Walter et al), 779

Calcium
Comparison of the mineral content of tap water and bottled waters (Azoulay et al), 168 (OR)
Calcium channel blockers
Influence of physician specialty on adoption and relinquishment of calcium channel blockers and other treatments for myocardial infarction (Majumdar et al), 351 (OR)
Cancer: *See* Neoplasms
Capitation
Capitation's uncertain future (Bodenheimer), 281 (ED)
The future of capitation: the physician role in managing change in practice (Goodson et al), 250
Cardiac risk
Adverse cardiac events after surgery: assessing risk in a veteran population (Kumar et al), 507 (OR)
Career choice
The impact of a first-year primary care experience on residency choice (Grayson et al), 860 (BR)
Caregivers
National estimates of the quantity and cost of informal caregiving for the elderly with dementia (Langa et al), 770
Young & old (Cantor), 790(REF)
Cervix neoplasms
Efficacy of patient letter reminders on cervical cancer screening: a meta-analysis (Tseng et al), 563 (REV)
Predictors of Papanicolaou smear use among American Samoan women (Mishra et al), 320
Chemical exposure
Health information in material safety data sheets for a chemical that causes asthma (Frazier et al), 89 (OR)
Chest pain
A Web exercise in evidence-based medicine using cognitive theory (Lloyd and Reyna), 94
Cholesterol
Using an electronic medical record to identify opportunities to improve compliance with cholesterol guidelines (Maviglia et al), 531 (OR)
Chronic disease
Antibiotic use in Ontario facilities that provide chronic care (Loeb et al), 376 (OR)
National estimates of the quantity and cost of informal caregiving for the elderly with dementia (Langa et al), 770
Chronic fatigue syndrome: *See* Fatigue syndrome, chronic
Clinical clerkship
The computer-based lecture (Wofford et al), 464
Introduction of evidence-based medicine into an ambulatory clinical clerkship (Thomas and Cofrancesco), 244
Cognitive therapy
A Web exercise in evidence-based medicine using cognitive theory (Lloyd and Reyna), 94
Colorectal neoplasms
Attitudes toward colorectal cancer screening tests: a survey of patients and physicians (Ling et al), 822 (OR)

Direct observation of counseling on colorectal cancer in rural primary care practices (Ellerbeck et al), 697 (BR)
Communication
Cancer screening in primary care: Are we communicating? (Pignone), 867 (ED)
Communication breakdown in the outpatient referral process (Schulte and Mehler), 208 (LET)
Ethics and communication: Does students' comfort addressing ethical issues vary by specialty team? (Clever et al), 559 (BR)
Learning oral presentation skills: a rhetorical analysis with pedagogical and professional implications (Haber and Lingard), 308 (OR)
Measuring satisfaction with mammography results reporting (Dolan et al), 157 (OR)
Patient perspectives on spirituality and the patient-physician relationship (Hebert et al), 685 (OR)
Using survival curve comparisons to inform patient decision making: Can a practice exercise improve understanding? (Armstrong et al), 482 (BR)
Communication barriers
Impact of interpreter services on delivery of health care to limited English-proficient patients (Jacobs et al), 468
Community-acquired infections
Arterial blood gas and pulse oximetry in initial management of patients with community-acquired pneumonia (Levin et al), 590 (OR)
Managing community-acquired pneumonia (Bartlett), 642 (ED)
Community-based training
The impact of a first-year primary care experience on residency choice (Grayson et al), 860 (BR)
Community health care
Association of resident coverage with cost, length of stay, and profitability at a community hospital (Shine et al), 1 (OR)
A study of primary care teaching comparing academic and community-based settings (Masters and Nester), 9 (OR)
Comorbidity
Comorbid clinical conditions in chronic fatigue: a co-twin control study (Aaron et al), 24 (OR)
Persistence of impaired functioning and psychological distress after medical hospitalization for men with co-occurring psychiatric and substance use disorders (Booth et al), 57
Risk adjustment using administrative data: impact of a diagnosis-type indicator (Ghali et al), 519 (OR)
Compliance
Using an electronic medical record to identify opportunities to improve compliance with cholesterol guidelines (Maviglia et al), 531 (OR)
Complications
Risk adjustment using administrative data: impact of a diagnosis-type indicator (Ghali et al), 519 (OR)
Computer-assisted instruction
The computer-based lecture (Wofford et al), 464
Using a multimedia tool to improve cardiac auscultation knowledge and skills (Stern et al), 763
Computers
Can Internet-based continuing medical education improve physicians' skin cancer knowledge and skills? (Harris et al), 50
Effect of computer support on younger women with breast cancer (Gustafson et al), 435 (OR)
Using an electronic medical record to identify opportunities to improve compliance with cholesterol guidelines (Maviglia et al), 531 (OR)
Confidentiality
Can you keep a secret? measuring the performance of those entrusted with personal health information (Eisenberg), 132 (ED)
Conflict (psychology)
Conflict associated with decisions to limit life-sustaining treatment in intensive care units (Breen et al), 283 (OR)
Continuity of patient care
Intention to discontinue care among primary care patients: influence of physician behavior and process of care (Federman et al), 668 (OR)
Primary care for patients infected with human immunodeficiency virus: a randomized controlled trial (Keitz et al), 573 (OR)
Coordination of care
Coordination of care for early-stage breast cancer patients (Bickell and Young), 737 (OR)
Coronary artery bypass
Coronary artery bypass grafting in Native Americans: a higher risk of death compared to other ethnic groups? (Nallamothu et al), 554
Do race and gender influence the use of invasive procedures? (Watson et al), 227 (OR)
Risk adjustment using administrative data: impact of a diagnosis-type indicator (Ghali et al), 519 (OR)
Coronary disease
Coronary artery bypass grafting in Native Americans: a higher risk of death compared to other ethnic groups? (Nallamothu et al), 554
Cost-benefit analysis
Finding cancer in primary care outpatients with low back pain: a comparison of diagnostic strategies (Joines et al), 14 (OR)
Strategies for diagnosing and treating suspected acute bacterial sinusitis: a cost-effectiveness analysis (Balk et al), 701 (REV)
Costs and cost analysis
Association of resident coverage with cost, length of stay, and profitability at a community hospital (Shine et al), 1 (OR)
Drug dosage in patients with renal failure optimized by immediate concurrent feedback (Falconnier et al), 369 (OR)
The need for data not dogma on the costs of graduate medical education (Blumenthal and Bass), 66 (ED)
Teaching resource and information management using an innovative case-based conference (Kravet et al), 399
Counseling
Direct observation of counseling on colorectal cancer in rural primary care practices (Ellerbeck et al), 697 (BR)
Culture
The role of culture and language in determining best practices (Nápoles-Springer and Pérez-Stable), 493 (ED)
Curriculum
Impact of the basic skin cancer triage curriculum on providers' skin cancer control practices (Mikkilineni et al), 302 (OR)
The structure and content of the medical subinternship: a national survey (Sidlow), 550 (OR)
Using a multimedia tool to improve cardiac auscultation knowledge and skills (Stern et al), 763

Data collection
The structure and content of the medical subinternship: a national survey (Sidlow), 550 (OR)
Death with dignity; *See* Right to die
Decision analysis; *See* Decision support techniques
Decision making
Conflict associated with decisions to limit life-sustaining treatment in intensive care units (Breen et al), 283 (OR)
Evaluation of two methods to facilitate shared decision making for men considering the prostate-specific antigen test (Frosch et al), 391 (OR)
"I can't afford that!": dilemmas in the care of the uninsured and underinsured (Weiner), 412(PER)
Teaching about cost-effective use of medical resources: still trying after all these years (Braham), 419 (ED)
Using survival curve comparisons to inform patient decision making: Can a practice exercise improve understanding? (Armstrong et al), 482 (BR)
Decision support techniques
Finding cancer in primary care outpatients with low back pain: a comparison of diagnostic strategies (Joines et al), 14 (OR)
Decisional analysis
Strategies for diagnosing and treating suspected acute bacterial sinusitis: a cost-effectiveness analysis (Balk et al), 701 (REV)
Delivery of health care
Doctor discontent: a comparison of physician satisfaction in different delivery system settings, 1986 and 1997 (Murray et al), 451 (OR)
Does physician gender affect satisfaction of men and women visiting the emergency department? (Derose et al), 218 (OR)
Error reduction, complex systems, and organizational change (Suchman), 344 (ED)
Impact of interpreter services on delivery of health care to limited English-proficient patients (Jacobs et al), 468
Dementia
National estimates of the quantity and cost of informal caregiving for the elderly with dementia (Langa et al), 770
Depression
Does physician education on depression management improve treatment in primary care? (Lin et al), 614 (OR)

How important is intrinsic spirituality in depression care? a comparison of white and African-American primary care patients (Cooper et al), 634
Improving depression outcomes in community primary care practice: a randomized trial of the QuEST intervention (Rost et al), 143 (OR)
The PHQ-9: validity of a brief depression severity measure (Kroenke et al), 606 (OR)
Retooling multiple levels to improve primary care depression treatment (Rost and Smith), 644 (ED)
Validation of a telephone-administered Geriatric Depression Scale in a Hispanic elderly population (Carrete et al), 446 (OR)
Diabetes mellitus
Is food insufficiency associated with health status and health care utilization among adults with diabetes? (Nelson et al), 404
Diagnosis
The PHQ-9: validity of a brief depression severity measure (Kroenke et al), 606 (OR)
Digital Divide
Effect of computer support on younger women with breast cancer (Gustafson et al), 435 (OR)
Disadvantaged: *See* Socioeconomic factors
Disclosure
Physician incentives and disclosure of payment methods to patients (Kao et al), 181
Disease management programs
Primary care physicians' experience with disease management programs (Fernandez et al), 163 (OR)
Disease-state management
Patient and physician satisfaction with a telephone-based anticoagulation service (Waterman et al), 460 (OR)
Distance education
Can Internet-based continuing medical education improve physicians' skin cancer knowledge and skills? (Harris et al), 50
Drug costs
Drug dosage in patients with renal failure optimized by immediate concurrent feedback (Falconnier et al), 369 (OR)
Drug therapy
Drug dosage in patients with renal failure optimized by immediate concurrent feedback (Falconnier et al), 369 (OR)
Polypharmacy and medication adherence: small steps on a long road (Murray and Kroenke), 137 (ED)
Reducing medication regimen complexity: a controlled trial (Muir et al), 77 (OR)
Drug utilization
Influence of physician specialty on adoption and relinquishment of calcium channel blockers and other treatments for myocardial infarction (Majumdar et al), 351 (OR)

Early detection
Skin cancer screening and prevention in the primary care setting: National Ambulatory Care Survey (Oliveria et al), 297 (OR)
Eating disorders
Extent and determinants of discrepancy between self-evaluations of weight status and clinical standards (Chang and Christakis), 538 (OR)
Preliminary finding of the first Health and Nutrition Examination Survey, United States, 1971-72 (Mehler) (LET); (Walsh et al) (REPLY), 140
Economics
National estimates of the quantity and cost cf informal caregiving for the elderly with dementia (Langa et al), 770
Education
Impact of the basic skin cancer triage curriculum on providers' skin cancer control practices (Mikkilineni et al), 302 (OR)
Education, medical
Can Internet-based continuing medical education improve physicians' skin cancer knowledge and skills? (Harris et al), 50
The challenge of problem residents (Yao and Wright), 486 (REV)
The computer-based lecture (Wofford et al), 464
Does physician education on depression management improve treatment in primary care? (Lin et al), 614 (OR)
Effectiveness of a focused educational intervention on resident evaluations from faculty: a randomized controlled trial (Holmboe et al), 427 (OR)
Ethics and communication: Does students' comfort addressing ethical issues vary by specialty team? (Clever et al), 559 (BR)
Improving physicians' HIV risk-assessment skills using announced and unannounced standardized patients (Epstein et al), 176
Introduction of evidence-based medicine into an ambulatory clinical clerkship (Thomas and Cofrancesco), 244
Learning oral presentation skills: a rhetorical analysis with pedagogical and professional implications (Haber and Lingard), 308 (OR)
Reducing medication regimen complexity: a controlled trial (Muir et al), 77 (OR)
Resident utilization of information technology: a randomized trial of clinical question formation (Cabell et al), 838 (OR)
The structure and content of the medical subinternship: a national survey (Sidlow), 550 (OR)
A study of primary care teaching comparing academic and community-based settings (Masters and Nester), 9 (OR)
Teaching resource and information management using an innovative case-based conference (Kravet et al), 399
Teaching the one-minute preceptor: a randomized controlled trial (Furney et al), 620 (OR)
Between two worlds: medical student perceptions of humor and slang in the hospital setting (Parsons et al), 544 (OR)
Using a multimedia tool to improve cardiac auscultation knowledge and skills (Stern et al), 763
A Web exercise in evidence-based medicine using cognitive theory (Lloyd and Reyna), 94
Education, medical, graduate
The need for data not dogma on the costs of graduate medical education (Blumenthal and Bass), 66 (ED)
Efficiency
Productivity, quality, and patient satisfaction: comparison of part-time and full-time primary care physicians (Fairchild et al), 663 (OR)
Elderly: *See* Aged
Electronics
Using an electronic medical record to identify opportunities to improve compliance with cholesterol guidelines (Maviglia et al), 531 (OR)
Emergency medical services
Does physician gender affect satisfaction of men and women visiting the emergency department? (Derose et al), 218 (OR)
End-of-life care
The effect of discussions about advance directives on patients' satisfaction with primary care (Tierney et al), 32 (OR)
Heart out of darkness: learning from end-of-life care (Fromme and Carrese), 339 (ED)
Out of darkness: shedding light on end-of-life care (Carrese), 68 (ED)
"Serious and complex illness" in quality improvement and policy reform for end-of-life care (Lynn and Forlini), 315
Understanding physicians' skills at providing end-of-life care: perspectives of patients, families, and health care workers (Curtis et al), 41 (OR)
At wit's end: forgiveness, dignity, and the care of the dying (Sulmasy), 335(PER)
Erectile dysfunction
Sexuality after treatment for early prostate cancer: exploring the meanings of "erectile dysfunction" (Bokhour et al), 649 (OR)
Errors
Error reduction, complex systems, and organizational change (Suchman), 344 (ED)
Evidence on interventions to reduce medical errors: an overview and recommendations for future research (Ioannidis and Lau), 325 (REV)
A physician-based voluntary reporting system for adverse events and medical errors (Weingart et al), 809 (OR)
Ethics
Ethics and communication: Does students' comfort addressing ethical issues vary by specialty team? (Clever et al), 559 (BR)
Is ethical development impeded in young doctors? (Branch), 569 (ED)
Between two worlds: medical student perceptions of humor and slang in the hospital setting (Parsons et al), 544 (OR)
Views of United States physicians and members of the American Medical Association House of Delegates on physician-assisted suicide (Whitney et al), 290 (OR)
Ethnic groups
Coronary artery bypass grafting in Native Americans: a higher risk of death compared to other ethnic groups? (Nallamothu et al), 554

Disparities in health and health care: moving from describing the problem to a call for action (Mangione and Reynolds), 276 (ED)
Impact of interpreter services on delivery of health care to limited English-proficient patients (Jacobs et al), 468
Evaluation studies
Clinical work sampling: a new approach to the problem of in-training evaluation (Hemmer et al) (LET); (Turnbull et al) (REPLY), 72
Evaluation of residents: challenges and opportunities (Cooney), 498 (ED)
Understanding physicians' skills at providing end-of-life care: perspectives of patients, families, and health care workers (Curtis et al), 41 (OR)
Evidence-based medicine
Failure of evidence-based medicine in the treatment of hypertension in older patients (Teramoto et al), 348 (LET)
Introduction of evidence-based medicine into an ambulatory clinical clerkship (Thomas and Cofrancesco), 244
Resident utilization of information technology: a randomized trial of clinical question formation (Cabell et al), 838 (OR)
A Web exercise in evidence-based medicine using cognitive theory (Lloyd and Reyna), 94
Exercise
Predictors of physical activity in community-dwelling elderly white women (Walsh et al), 721 (OR)

Faculty
Effectiveness of a focused educational intervention on resident evaluations from faculty: a randomized controlled trial (Holmboe et al), 427 (OR)
False positive results
Increased patient concern after false-positive mammograms: clinician documentation and subsequent ambulatory visits (Barton et al), 150 (OR)
Fatigue syndrome, chronic
Comorbid clinical conditions in chronic fatigue: a co-twin control study (Aaron et al), 24 (OR)
Feedback
Learning oral presentation skills: a rhetorical analysis with pedagogical and professional implications (Haber and Lingard), 308 (OR)
Teaching the one-minute preceptor: a randomized controlled trial (Furney et al), 620 (OR)
Food insufficiency
Is food insufficiency associated with health status and health care utilization among adults with diabetes? (Nelson et al), 404
Frail elderly
Screening mammography for frail older women: What are the burdens? (Walter et al), 779
Functional status
Functional status: the sixth vital sign (Bierman), 785 (ED)
Persistence of impaired functioning and psychological distress after medical hospitalization for men with co-occurring psychiatric and substance use disorders (Booth et al), 57
Prevalence and significance of unrecognized lower extremity peripheral arterial disease in general medicine practice (McDermott et al), 384 (OR)
What does the medical record reveal about functional status? a comparison of medical record and interview data (Bogardus et al), 728 (OR)
Fuzzy-trace theory
A Web exercise in evidence-based medicine using cognitive theory (Lloyd and Reyna), 94

Gender: *See* Sex
Geriatrics
Risk screening in a Medicare/Medicaid population: administrative data versus self report (Vojta et al), 525 (OR)
Guidelines
Can Internet-based continuing medical education improve physicians' skin cancer knowledge and skills? (Harris et al), 50
Using an electronic medical record to identify opportunities to improve compliance with cholesterol guidelines (Maviglia et al), 531 (OR)

Hazardous substances
Health information in material safety data sheets for a chemical that causes asthma (Frazier et al), 89 (OR)
Limitations of information about health effects of chemicals (Mitchell and Schwartz), 135 (ED)
Health care costs
Association of resident coverage with cost, length of stay, and profitability at a community hospital (Shine et al), 1 (OR)
The need for data not dogma on the costs of graduate medical education (Blumenthal and Bass), 66 (ED)
Health care information
Shared expectations for protection of identifiable health care information: report of a national consensus process (Wynia et al), 100
Health care utilization
Increased patient concern after false-positive mammograms: clinician documentation and subsequent ambulatory visits (Barton et al), 150 (OR)
Health economics
National estimates of the quantity and cost of informal caregiving for the elderly with dementia (Langa et al), 770
Health maintenance organizations
Doctor discontent: a comparison of physician satisfaction in different delivery system settings, 1986 and 1997 (Murray et al), 451 (OR)
Risk screening in a Medicare/Medicaid population: administrative data versus self report (Vojta et al), 525 (OR)
Health policy
The future of capitation: the physician role in managing change in practice (Goodson et al), 250
"Serious and complex illness" in quality improvement and policy reform for end-of-life care (Lynn and Forlini), 315
Shared expectations for protection of identifiable health care information: report of a national consensus process (Wynia et al), 100
Health-related quality of life
Quality of life is impaired in men with chronic prostatitis: the chronic prostatitis collaborative research network (Collins et al), 656 (OR)
Health services accessibility
Does "mainstreaming" guarantee access to care for Medicaid recipients with asthma? (Bair et al), 475
The future of capitation: the physician role in managing change in practice (Goodson et al), 250
"I can't afford that!": dilemmas in the care of the uninsured and underinsured (Weiner), 412(PER)

Income
Managed care, professional autonomy, and income: effects on physician career satisfaction (Stoddard et al), 675 (OR)
Indians, North American
Coronary artery bypass grafting in Native Americans: a higher risk of death compared to other ethnic groups? (Nallamothu et al), 554
Disparities in health and health care: moving from describing the problem to a call for action (Mangione and Reynolds), 276 (ED)
Preventive care of older urban American Indians and Alaska natives in primary care (Buchwald et al), 257
Indigency; *See* Poverty
Indirect costs; *See* Costs and cost analysis
Infection
Antibiotic use in Ontario facilities that provide chronic care (Loeb et al), 376 (OR)
Influenza
Influenza 1918 (Cantor), 749(REF)
Informal caregiving
National estimates of the quantity and cost of informal caregiving for the elderly with dementia (Langa et al), 770
Information storage and retrieval
Resident utilization of information technology: a randomized trial of clinical question formation (Cabell et al), 838 (OR)
Information systems
Using an electronic medical record to identify opportunities to improve compliance with cholesterol guidelines (Maviglia et al), 531 (OR)
Inpatients
Physician views on caring for hospitalized patients and the hospitalist model of inpatient care (Auerbach et al), 116 (BR)
Insurance
Breast cancer outcomes among older women: HMO, fee-for-service, and delivery system comparisons (Lee-Feldstein et al), 189
"I can't afford that!": dilemmas in the care of the uninsured and underinsured (Weiner), 412(PER)
Medicare prescription coverage and congressional gridlock: time for compromise (Soumerai et al), xxx1 (ED)
Self-restriction of medications due to cost in seniors without prescription coverage: a national survey (Steinman et al), 793 (OR)
Teaching about cost-effective use of medical resources: still trying after all these years (Braham), 419 (ED)
Intensive care unit
Conflict associated with decisions to limit life-sustaining treatment in intensive care units (Breen et al), 283 (OR)
Intermittent claudication
Prevalence and significance of unrecognized lower extremity peripheral arterial disease in general medicine practice (McDermott et al), 384 (OR)
Internet
Can Internet-based continuing medical education improve physicians' skin cancer knowledge and skills? (Harris et al), 50
A Web exercise in evidence-based medicine using cognitive theory (Lloyd and Reyna), 94
Internship and residency
Association of resident coverage with cost, length of stay, and profitability at a community hospital (Shine et al), 1 (OR)
The challenge of problem residents (Yao and Wright), 486 (REV)
Effectiveness of a focused educational intervention on resident evaluations from faculty: a randomized controlled trial (Holmboe et al), 427 (OR)
Evaluation of residents: challenges and opportunities (Cooney), 498 (ED)
The impact of a first-year primary care experience on residency choice (Grayson et al), 858 (BR)
The need for data not dogma on the costs of graduate medical education (Blumenthal and Bass), 66 (ED)
Patient satisfaction in resident and attending ambulatory care clinics (Yancy et al), 755 (OR)
Problematic resident-patient relationships: the patient's perspective (Boutin-Foster and Charlson), 750 (OR)
Resident utilization of information technology: a randomized trial of clinical question formation (Cabell et al), 838 (OR)
The structure and content of the medical subinternship: a national survey (Sidlow), 550 (OR)
Taking care of patients in resident clinics: Where do we stand? (Fiebach and Wong), 787 (ED)
Teaching the one-minute preceptor: a randomized controlled trial (Furney et al), 620 (OR)
Ultrasonography performed by primary care residents for abdominal aortic aneurysm screening: an innovative teaching model (Bailey et al), 843
Interpreter services
Impact of interpreter services on delivery of health care to limited English-proficient patients (Jacobs et al), 468
Intervention studies
Effectiveness of a focused educational intervention on resident evaluations from faculty: a randomized controlled trial (Holmboe et al), 427 (OR)
Evidence on interventions to reduce medical errors: an overview and recommendations for future research (Ioannidis and Lau), 325 (REV)
Intravenous drug abuse; *See* Substance abuse

Job satisfaction
Doctor discontent: a comparison of physician satisfaction in different delivery system settings, 1986 and 1997 (Murray et al), 451 (OR)
Just doing my job (Cohen), 501(REF)
Managed care, professional autonomy, and income: effects on physician career satisfaction (Stoddard et al), 675 (OR)
Patient and physician satisfaction with a telephone-based anticoagulation service (Waterman et al), 460 (OR)
Physician discontent: a barometer of change and need for intervention (Haas), 496 (ED)

Kidney failure
Drug dosage in patients with renal failure optimized by immediate concurrent feedback (Falconnier et al), 369 (OR)

Language
Impact of interpreter services on delivery of health care to limited English-proficient patients (Jacobs et al), 468
Learning oral presentation skills: a rhetorical analysis with pedagogical and professional implications (Haber and Lingard), 308 (OR)

Primary health care
A call for papers: substance abuse: innovations in primary care (O'Connor and Samet), 70 (ED)
Cancer screening in primary care: Are we communicating? (Pignone), 867 (ED)
Direct observation of counseling on colorectal cancer in rural primary care practices (Ellerbeck et al), 697 (BR)
Does "mainstreaming" guarantee access to care for Medicaid recipients with asthma? (Bair et al), 475
Does physician education on depression management improve treatment in primary care? (Lin et al), 614 (OR)
The effect of discussions about advance directives on patients' satisfaction with primary care (Tierney et al), 32 (OR)
Evaluating and managing acute low back pain in the primary care setting (Atlas and Deyo), 120 (REV)
Improving depression outcomes in community primary care practice: a randomized trial of the QuEST intervention (Rost et al), 143 (OR)
Intention to discontinue care among primary care patients: influence of physician behavior and process of care (Federman et al), 668 (OR)
Prevalence and significance of unrecognized lower extremity peripheral arterial disease in general medicine practice (McDermott et al), 384 (OR)
Preventive care of older urban American Indians and Alaska natives in primary care (Buchwald et al), 257
Primary care for patients infected with human immunodeficiency virus: a randomized controlled trial (Keitz et al), 573 (OR)
Primary care physicians' experience with disease management programs (Fernandez et al), 163 (OR)
Productivity, quality, and patient satisfaction: comparison of part-time and full-time primary care physicians (Fairchild et al), 663 (OR)
Retooling multiple levels to improve primary care depression treatment (Rost and Smith), 644 (ED)
Skin cancer control in the primary care setting: Are we making any progress? (Dolan), 342 (ED)
Skin cancer screening and prevention in the primary care setting: National Ambulatory Care Survey (Oliveria et al), 297 (OR)
Ultrasonography performed by primary care residents for abdominal aortic aneurysm screening: an innovative teaching model (Bailey et al), 845
Problem resident
The challenge of problem residents (Yao and Wright), 486 (REV)
Productivity; *See* Efficiency
Professional autonomy
Doctor discontent: a comparison of physician satisfaction in different delivery system settings, 1986 and 1997 (Murray et al), 451 (OR)
Managed care, professional autonomy, and income: effects on physician career satisfaction (Stoddard et al), 675 (OR)
Professional competence
Learning oral presentation skills: a rhetorical analysis with pedagogical and professional implications (Haber and Lingard), 308 (OR)
Understanding physicians' skills at providing end-of-life care: perspectives of patients, families, and health care workers (Curtis et al), 41 (OR)

Prognosis
What does the medical record reveal about functional status? A comparison of medical record and interview data (Bogardus et al), 728 (OR)
Prostate-specific antigen
Evaluation of two methods to facilitate shared decision making for men considering the prostate-specific antigen test (Frosch et al), 391 (OR)
Prostate cancer screening practices and beliefs: a longitudinal physician survey (Voss and Schectman), 831 (OR)
Prostatic neoplasms
Prostate cancer screening practices and beliefs: a longitudinal physician survey (Voss and Schectman), 831 (OR)
Sexuality after treatment for early prostate cancer: exploring the meanings of "erectile dysfunction" (Bokhour et al), 649 (OR)
Prostatitis
Quality of life is impaired in men with chronic prostatitis: the chronic prostatitis collaborative research network (Collins et al), 656 (OR)
Protease inhibitors
Initiation and continuation of newer antiretroviral treatments among Medicaid recipients with AIDS (Crystal et al), 850
Psychiatric disorders
Comorbid clinical conditions in chronic fatigue: a co-twin control study (Aaron et al), 24 (OR)
Persistence of impaired functioning and psychological distress after medical hospitalization for men with co-occurring psychiatric and substance use disorders (Booth et al), 57
Psychological distress
Persistence of impaired functioning and psychological distress after medical hospitalization for men with co-occurring psychiatric and substance use disorders (Booth et al), 57
Psychological tests
The PHQ-9: validity of a brief depression severity measure (Kroenke et al), 606 (OR)
Public health
Disparities in health and health care: moving from describing the problem to a call for action (Mangione and Reynolds), 276 (ED)
Public policy
"Serious and complex illness" in quality improvement and policy reform for end-of-life care (Lynn and Forlini), 315
Views of United States physicians and members of the American Medical Association House of Delegates on physician-assisted suicide (Whitney et al), 290 (OR)
Pulse oximetry; *See* Oximetry

Qualitative evaluation; *See* Evaluation studies
Qualitative methods
Sexuality after treatment for early prostate cancer: exploring the meanings of "erectile dysfunction" (Bokhour et al), 649 (OR)
Quality of health care
Coordination of care for early-stage breast cancer patients (Bickell and Young), 737 (OR)
Does physician gender affect satisfaction of men and women visiting the emergency department? (Derose et al), 218 (OR)
HIV-related *Pneumocystis carinii* pneumonia in older patients hospitalized in the early HAART era (Kim et al), 583 (OR)
Improving depression outcomes in community primary care practice: a randomized trial of the QuEST intervention (Rost et al), 143 (OR)
Is warfarin really underused in patients with atrial fibrillation? (Weisbord et al), 743 (OR)
Patient-centered processes of care and long-term outcomes of myocardial infarction (Fremont et al), 800 (OR)
Physician incentives and disclosure of payment methods to patients (Kao et al), 181
Primary care physicians' experience with disease management programs (Fernandez et al), 163 (OR)
Processes and outcomes in acute myocardial infarction: How technical should we get? (Kiefe), xxx3 (ED)
Productivity, quality, and patient satisfaction: comparison of part-time and full-time primary care physicians (Fairchild et al), 663 (OR)
Quality of life
Effect of computer support on younger women with breast cancer (Gustafson et al), 435 (OR)
Quality of life is impaired in men with chronic prostatitis: the chronic prostatitis collaborative research network (Collins et al), 656 (OR)
Sexuality after treatment for early prostate cancer: exploring the meanings of "erectile dysfunction" (Bokhour et al), 649 (OR)
Questionnaires
Views of United States physicians and members of the American Medical Association House of Delegates on physician-assisted suicide (Whitney et al), 290 (OR)

Race
Coronary artery bypass grafting in Native Americans: a higher risk of death compared to other ethnic groups? (Nallamothu et al), 554
Do gender and race affect decisions about pain management? (Weisse et al), 211 (OR)
Do race and gender influence the use of invasive procedures? (Watson et al), 227 (OR)
Randomized controlled trials
Effectiveness of a focused educational intervention on resident evaluations from faculty: a randomized controlled trial (Holmboe et al), 427 (OR)
Efficacy of patient letter reminders on cervical cancer screening: a meta-analysis (Tseng et al), 563 (REV)
Evidence on interventions to reduce medical errors: an overview and recommendations for future research (Ioannidis and Lau), 325 (REV)
Referral and consultation
Communication breakdown in the outpatient referral process (Schulte and Mehler), 208 (LET)
Paid not to refer? (Levinson), 209(REF)
Reimbursement mechanisms
Association of resident coverage with cost, length of stay, and profitability at a community hospital (Shine et al), 1 (OR)
Capitation's uncertain future (Bodenheimer), 281 (ED)
The future of capitation: the physician role in managing change in practice (Goodson et al), 250
Money talks, patients walk? (Ubel), 204 (ED)
Religion
Patient perspectives on spirituality and the patient-physician relationship (Hebert et al), 685 (OR)
Relinquishment
Influence of physician specialty on adoption and relinquishment of calcium channel blockers and other treatments for myocardial infarction (Majumdar et al), 351 (OR)
Reminder systems
Direct observation of counseling on colorectal cancer in rural primary care practices (Ellerbeck et al), 697 (BR)
Renal failure; *See* Kidney failure
Reporter to Interpreter to Manager/Educator
Clinical work sampling: a new approach to the problem of in-training evaluation (Hemmer et al) (LET); (Turnbull et al) (REPLY), 72
Research
Understanding physicians' skills at providing end-of- life care: perspectives of patients, families, and health care workers (Curtis et al), 41 (OR)
Residents; *See* Internship and residency
Resuscitation orders
Conflict associated with decisions to limit life- sustaining treatment in intensive care units (Breen et al), 283 (OR)
Right to die
Views of United States physicians and members of the American Medical Association House of Delegates on physician-assisted suicide (Whitney et al), 290 (OR)
At wit's end: forgiveness, dignity, and the care of the dying (Sulmasy), 335(PER)
Risk factors
Adverse cardiac events after surgery: assessing risk in a veteran population (Kumar et al), 507 (OR)
Improving physicians' HIV risk-assessment skills using announced and unannounced standardized patients (Epstein et al), 176
Risk adjustment using administrative data: impact of a diagnosis-type indicator (Ghali et al), 519 (OR)
Risk screening in a Medicare/Medicaid population: administrative data versus self report (Vojta et al), 525 (OR)
What does the medical record reveal about functional status? a comparison of medical record and interview data (Bogardus et al), 728 (OR)
Rural population
Direct observation of counseling on colorectal cancer in rural primary care practices (Ellerbeck et al), 697 (BR)

Samoa; *See* Western Samoa
Screening
Attitudes toward colorectal cancer screening tests: a survey of patients and physicians (Ling et al), 822 (OR)
Breast cancer screening: Can we talk? (Miller), 206 (ED)
Cancer screening in primary care: Are we communicating? (Pignone), 867 (ED)
Efficacy of patient letter reminders on cervical cancer screening: a meta-analysis (Tseng et al), 563 (REV)
Increased patient concern after false-positive mammograms: clinician documentation and subsequent ambulatory visits (Barton et al), 150 (OR)
The PHQ-9: validity of a brief depression severity measure (Kroenke et al), 606 (OR)
Prostate cancer screening practices and beliefs: a longitudinal physician survey (Voss and Schectman), 829 (OR)
Risk screening in a Medicare/Medicaid population: administrative data versus self report (Vojta et al), 525 (OR)
Screening mammography for frail older women: What are the burdens? (Walter et al), 779
Skin cancer screening and prevention in the primary care setting: National Ambulatory Care Survey (Oliveria et al), 297 (OR)
Validation of a telephone-administered Geriatric Depression Scale in a Hispanic elderly population (Carrete et al), 446 (OR)
Secondary prevention
Skin cancer screening and prevention in the primary care setting: National Ambulatory Care Survey (Oliveria et al), 297 (OR)
Self report
Risk screening in a Medicare/Medicaid population: administrative data versus self report (Vojta et al), 525 (OR)
Sensitivity and specificity
A Web exercise in evidence-based medicine using cognitive theory (Lloyd and Reyna), 94
Serious and complex illness
"Serious and complex illness" in quality improvement and policy reform for end-of-life care (Lynn and Forlini), 315
Sex
Do gender and race affect decisions about pain management? (Weisse et al), 211 (OR)
Do race and gender influence the use of invasive procedures? (Watson et al), 227 (OR)
Does physician gender affect satisfaction of men and women visiting the emergency department? (Derose et al), 218 (OR)
Somatic symptom reporting in women and men (Barsky et al), 266 (REV)
Sexuality
Sexuality after treatment for early prostate cancer: exploring the meanings of "erectile dysfunction" (Bokhour et al), 649 (OR)
Shared decision making; *See* Decision making
Sinusitis
Strategies for diagnosing and treating suspected acute bacterial sinusitis: a cost-effectiveness analysis (Balk et al), 701 (REV)
Skin neoplasms
Can Internet-based continuing medical education improve physicians' skin cancer knowledge and skills? (Harris et al), 50
Impact of the basic skin cancer triage curriculum on providers' skin cancer control practices (Mikkilineni et al), 302 (OR)
Skin cancer control in the primary care setting: Are we making any progress? (Dolan), 342 (ED)
Skin cancer screening and prevention in the primary care setting: National Ambulatory Care Survey (Oliveria et al), 297 (OR)
Social sciences
Learning oral presentation skills: a rhetorical analysis with pedagogical and professional implications (Haber and Lingard), 308 (OR)
Social support
Problematic resident-patient relationships: the patient's perspective (Boutin-Foster and Charlson), 750 (OR)
Socialization
Learning oral presentation skills: a rhetorical analysis with pedagogical and professional implications (Haber and Lingard), 308 (OR)
Socioeconomic factors
Effect of computer support on younger women with breast cancer (Gustafson et al), 435 (OR)
The relation of household income to mammography utilization in a prepaid health care system (Barton et al), 200
Sodium
Comparison of the mineral content of tap water and bottled waters (Azoulay et al), 168 (OR)
Somatic symptoms
Somatic symptom reporting in women and men (Barsky et al), 266 (REV)
Spanish Americans; *See* Hispanic Americans
Specialties, medical
Differences between generalists and specialists: knowledge, realism, or *primum non nocere?* (Turner and Laine), 422 (ED)
Influence of physician specialty on adoption and relinquishment of calcium channel blockers and other treatments for myocardial infarction (Majumdar et al), 351 (OR)
Relation of physician specialty and HIV/AIDS experience to choice of guideline-recommended antiretroviral therapy (Stone et al), 360 (OR)
Specificity; *See* Sensitivity and specificity
Spirituality
How important is intrinsic spirituality in depression care? A comparison of white and African-American primary care patients (Cooper et al), 634
Patient perspectives on spirituality and the patient-physician relationship (Hebert et al), 685 (OR)
Staging; *See* Neoplasm staging
Standardized patients
Improving physicians' HIV risk-assessment skills using announced and unannounced standardized patients (Epstein et al), 176
Stereotyping
The effect of obesity on medical students' approach to patients with abdominal pain (Wigton and McGaghie), 262 (BR)
Streamlining
What factors influence physicians' decisions to switch from intravenous to oral antibiotics for community-acquired pneumonia? (Halm et al), 599 (OR)
Students, medical
Clinical work sampling: a new approach to the problem of in-training evaluation (Hemmer et al) (LET); (Turnbull et al) (REPLY), 72
The effect of obesity on medical students' approach to patients with abdominal pain (Wigton and McGaghie), 262 (BR)
Introduction of evidence-based medicine into an ambulatory clinical clerkship (Thomas and Cofrancesco), 244
A study of primary care teaching comparing academic and community-based settings (Masters and Nester), 9 (OR)
Teaching resource and information management using an innovative case-based conference (Kravet et al), 399
Between two worlds: medical student perceptions of humor and slang in the hospital setting (Parsons et al), 544 (OR)
Study design
Evidence on interventions to reduce medical errors: an overview and recommendations for future research (Ioannidis and Lau), 325 (REV)
Subinternship
The structure and content of the medical subinternship: a national survey (Sidlow), 550 (OR)
Substance abuse
A call for papers: substance abuse: innovations in primary care (O'Connor and Samet), 70 (ED)
Effects of drug abuse and mental disorders on use and type of antiretroviral therapy in HIV-infected persons (Turner et al), 625
Persistence of impaired functioning and psychological distress after medical hospitalization for men with co-occurring psychiatric and substance use disorders (Booth et al), 57
Suicide, assisted
Views of United States physicians and members of the American Medical Association House of Delegates on physician-assisted suicide (Whitney et al), 290 (OR)
Surveys; *See* Data collection
Survival
Breast cancer outcomes among older women: HMO, fee-for-service, and delivery system comparisons (Lee-Feldstein et al), 189

Tap water
Comparison of the mineral content of tap water and bottled waters (Azoulay et al), 168 (OR)
Teaching

A study of primary care teaching comparing academic and community-based settings (Masters and Nester), 9 (OR)
Telephone
Validation of a telephone-administered Geriatric Depression Scale in a Hispanic elderly population (Carrete et al), 446 (OR)
Terminal care
Conflict associated with decisions to limit life-sustaining treatment in intensive care units (Breen et al), 283 (OR)
Test results
Measuring satisfaction with mammography results reporting (Dolan et al), 157 (OR)
Thromboembolism
Adherence to guidelines for oral anticoagulation after venous thrombosis and pulmonary embolism (Sutton) (LET); (Ganz and Avorn) (REPLY), 347
Training; *See also* Education, medical
Clinical work sampling: a new approach to the problem of in-training evaluation (Hemmer et al) (LET); (Turnbull et al) (REPLY), 72
The impact of a first-year primary care experience on residency choice (Grayson et al), 858 (BR)
Teaching resource and information management using an innovative case-based conference (Kravet et al), 399
Triage
Impact of the basic skin cancer triage curriculum on providers' skin cancer control practices (Mikkilineni et al), 302 (OR)
Trust
Physician incentives and disclosure of payment methods to patients (Kao et al), 181
Twins
Comorbid clinical conditions in chronic fatigue: a co-twin control study (Aaron et al), 24 (OR)

Ultrasonography
Ultrasonography performed by primary care residents for abdominal aortic aneurysm screening: an innovative teaching model (Bailey et al), 845
Underinsured; *See* Medically uninsured
Uninsured; *See* Medically uninsured
United States
Doctor discontent: a comparison of physician satisfaction in different delivery system settings, 1986 and 1997 (Murray et al), 451 (OR)
Views of United States physicians and members of the American Medical Association House of Delegates on physician-assisted suicide (Whitney et al), 290 (OR)
Utilization of health care
Increased patient concern after false-positive mammograms: clinician documentation and subsequent ambulatory visits (Barton et al), 150 (OR)
Utilization review
Disparities in health and health care: moving from describing the problem to a call for action (Mangione and Reynolds), 276 (ED)
Do race and gender influence the use of invasive procedures? (Watson et al), 227 (OR)
Is food insufficiency associated with health status and health care utilization among adults with diabetes? (Nelson et al), 404

Vaginal smears
Efficacy of patient letter reminders on cervical cancer screening: a meta-analysis (Tseng et al), 563 (REV)
Predictors of Papanicolaou smear use among American Samoan women (Mishra et al), 320
Veterans
Adverse cardiac events after surgery: assessing risk in a veteran population (Kumar et al), 507 (OR)
Reducing medication regimen complexity: a controlled trial (Muir et al), 77 (OR)
Vital statistics
Functional status: the sixth vital sign (Bierman), 785 (ED)
Voluntary reporting
A physician-based voluntary reporting system for adverse events and medical errors (Weingart et al), 809 (OR)

Walking
Predictors of physical activity in community-dwelling elderly white women (Walsh et al), 721 (OR)
Warfarin
Adherence to guidelines for oral anticoagulation after venous thrombosis and pulmonary embolism (Sutton) (LET); (Ganz and Avorn) (REPLY), 347
Is warfarin really underused in patients with atrial fibrillation? (Weisbord et al), 743 (OR)
Patient and physician satisfaction with a telephone-based anticoagulation service (Waterman et al), 460 (OR)
Water
Comparison of the mineral content of tap water and bottled waters (Azoulay et al), 168 (OR)
Weight
The effect of obesity on medical students' approach to patients with abdominal pain (Wigton and McGaghie), 262 (BR)
Weight perception
Extent and determinants of discrepancy between self-evaluations of weight status and clinical standards (Chang and Christakis), 538 (OR)
Western Samoa
Predictors of Papanicolaou smear use among American Samoan women (Mishra et al), 320
Wit and humor
Between two worlds: medical student perceptions of humor and slang in the hospital setting (Parsons et al), 544 (OR)
Women
Breast cancer outcomes among older women: HMO, fee-for-service, and delivery system comparisons (Lee-Feldstein et al), 189
Effect of computer support on younger women with breast cancer (Gustafson et al), 435 (OR)
Predictors of Papanicolaou smear use among American Samoan women (Mishra et al), 320
Predictors of physical activity in community-dwelling elderly white women (Walsh et al), 721 (OR)
Productivity, quality, and patient satisfaction: comparison of part-time and full-time primary care physicians (Fairchild et al), 663 (OR)
Somatic symptom reporting in women and men (Barsky et al), 266 (REV)
A Web exercise in evidence-based medicine using cognitive theory (Lloyd and Reyna), 94
Written evaluation
Effectiveness of a focused educational intervention on resident evaluations from faculty: a randomized controlled trial (Holmboe et al), 427 (OR)
